**Create a master guest list:** You and your fiancé should make a list in addition to both sets of parents. Compile these lists and work together to create a final list.

**Plus-one:** Remember that a plus-one is a must for anyone who is married, engaged, or in a long-term relationship. No exceptions!

**"A-list" and "B-list":** Send your first round of save-the-dates to your "A list" and as those guests inform you they can't make it, extend an invitation to your "B-list" guests.
